

THE ARTS TREE MISSION STATEMENT

Aims

Arts Tree aims to be an avenue for positive growth by providing goods and services that enable and nurture access to joy, beauty, colour, light, vibrancy and abundance.

Arts Tree aims to enable an appropriate balance between primacy of concept and primacy of skill.

Vision

Arts Tree as purveyors of the fine arts began by establishing, maintaining and advancing a non vocational arts education studio classroom.

It aims to be a positive force as a non vocational arts education organisation that will continue to expand by developing multiple classrooms enabling positive and sustainable growth.
