30 MINUTE MASTERPIECES

MAY 24, 2025

9:00AM TO 3:30PM

TUTOR: ALI GILLET.

All images painted by Ali,
in 30 minutes.

Have you ever felt stuck, uninspired, unable to get started, unable to complete a work, or seemingly at odds with your creative practice??

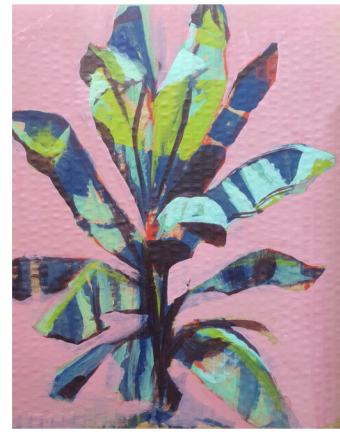

Me too!

If there's anything I've learnt over the last 7 years of teaching painting and drawing, it's that we are most certainly not alone in the endless fight toward creative freedom. And '30 Minute Masterpieces' is what continues to push me into the studio so I can get started on my next big creative dream.

Over the years I've discovered that 30 minutes is my magic window of work time. It forces me to make quick decisions with the only goal being that I've put my brush on a surface and painted something!

These days I endeavour to make the most of those 30 minutes, so I've dived into drawing technique, colour theory, and finessed my knowledge of values. I've learnt what pictures work best, what sized surface to use, and how to critique with compassion...

And all of that is EXACTLY what I'll be teaching you over the course of this single day workshop!

The 30 minute process; drawing, values, colour, done!

Over the course of the day we will paint 3 images: an object, a landscape, and a portrait.

You will learn drawing analysis, colour mixing, and become obsessed with the gift of finding values, guaranteed!

If bringing joy and looseness into your creative practice is something you need, you've found the right workshop!
